3. Matters arising from Minutes not dealt with elsewhere

From Margi: "I will be doing field work in Western NSW (catching and measuring turtles) for the week when the ARGA meeting is on, so won't be able to link in from the boat. The only thing I have to report from ANZGG is that people are now more aware of ARGA, I had lots of interest in the Jindabyne conference, but generally their organisation was in transition and seemed pretty disorganised so there weren't many takers for new memberships. They all took home a code breaker.I gave all the surplus code breakers to Ken McQueen to distribute his earthscience / enviro science students."
